Attachment No. 12

MIL-DTL-38999 TESTS NOT COVERED BY A TEST PROCEDURE		Other documents with stand alone tests								
Test	**Paragraph**	**28840**	**26482**	**22992**	**27599**	**26500**	**81790**	**55243**	**25955**	**5015**
Thermal shock - Hermetics only	4.5.3									
Plating adhesion	4.5.5									
Coupling torque	4.5.7				X	X				
Durability	4.5.8	X	X	X	X	X		X	X	x
Electrical engagement	4.5.15									
External bending moment	4.5.16	X								x
Coupling pin strength	4.5.17	X			X					
Gauge location	4.5.18									
Gauge retention	4.5.19									
Accessory thread strength	4.5.22		X							
Shell spring finger force	4.5.27				X					
EMI shielding low frequencies	4.5.28.1	X			X					
Pin contact stability	4.5.31	X	X							
Contact walkout	4.5.32									
Installation and removal tool abuse	4.5.33		X							
Removal tool rotation	4.5.33.1									
High temperature exposure	4.5.34									
Electrolytic erosion	4.5.35									
Contact plating thickness	4.5.37		X		X		X			
Ice resistance	4.5.40									
Hydrlytic stability (classes J and M)	4.5.43
